Utopia is all about fair pay for every play

utopia

Utopia Music was founded in Switzerland in 2016 and has offices in Zug, Stockholm, **Vienna**, and others and with about 500 employees.

Our mission is to build a new music ecosystem that will help the entire music industry by creating new revenue streams, consolidating data, and drastically reducing the restrictive administrative overhead limitations created by antiquated systems. The goal is to free up available revenues for Creative Processes and Creator Development, and thereby, create a **Utopia for the Music Industry.**

We're a music intelligence company

- Radio monitoring
- Royalty tracking & forecasting
- Artist metrics & insights
- Music audio & lyrics tagging
- Music Recommendation
