

75th VDLM

Vienna
Deep Learning
Meetup

Topics today:
AI Manipulation
Scaling AI Infrastructure on premise

hosted by

42 | **VIENNA**

Send us announcements
& job openings!

contact@vdlm.at

Welcome by the Meetup organizers:

Thomas Lidy
<available for
new projects>

Jan Schlüter
JKU Linz

Alex Schindler
AIT

Pavol Harar
ISTA & ACAI.AI

Carolin Romberg
AIT

contact@vdlm.at

18:30 Introduction & Welcome by the meetup organizers & hosts

18:45 Talk 1: Misaligned AI agents are here: how to evaluate frontier models that collude and know they are being tested

by Jason Hoelscher-Obermaier (Director of Research at Apart Research)

19:30 Announcements

<Networking Break>

20:00 Talk 2: AI Inference Engines and Instances: Strategies for Scaling LLM Infrastructure

by Jonas Aaron Vander (CTO at Xinity)

20:40 Networking

~21:30 Wrap up & End

The official **TED** Conference *dedicated to* Artificial Intelligence

[GET YOUR PASS](#)

OCT 28-30, 2026 | Vienna, AT

The system for making progress with the right people.

Presented by :
Joanna Liu

NoCrastination

Turn ambition into progress.

**You don't have to
build what's next
alone.**

Scan the QR
Codes for all
the latest
news from
MARIATRINK
& RHYTHMS

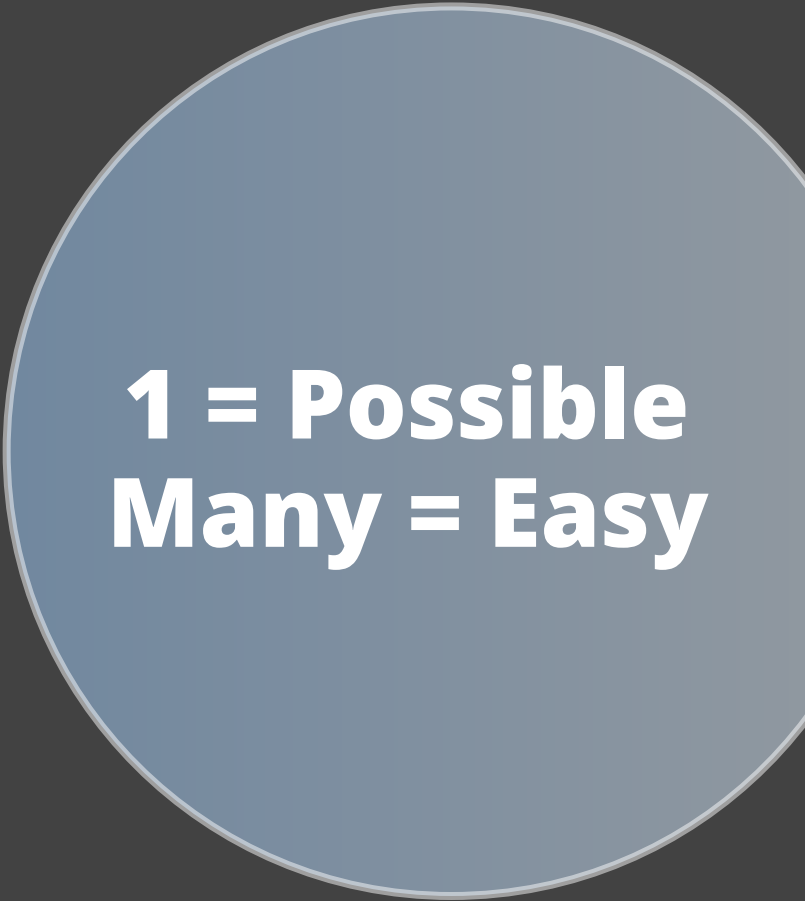

Why Now

Independence creates a new dependency: the right human network.

AI scales what one person can do.

NoCrastination scales what multiple people can build together.

If we become more powerful as individuals, how do we become more powerful together?

1 = Possible
Many = Easy

How It Works

01 DEFINE

Tell us what you're trying to achieve.

02 MATCH

Find people with relevant goals, needs or opportunities.

03 MEET

Connect through structured interactions.

04 BUILD TRUST

Repeated interaction turns contacts into relationships.

05 CREATE VALUE

Exchange opportunities, support and collaborations.

06 PROGRESS

Move the goal forward.

**You don't just come to meet people.
You come to find people you can move forward with.**

Curious

**What are you building,
and who would you
like to build it with?**

**SCAN TO JOIN THE
WHATSAPP GROUP**

Thank you

Looking for company partner: FFG Call Energy-efficient ML/AI

- Reduced training and/or inference time
 - Via dataset/sample selection, efficient training, post-training optimisation (quantisation, pruning, ...), ...
- Looking for: company partner that uses ML/AI, and has a desire to optimise it
 - E.g. because of running it in limited HW, ...
- Interested? Find me in the break :-)
- Caveat: funding, BUT the deadline is in ~2 weeks...
- Contact: rmayer@sba-research.org / <http://sba-research.org/mldm>

Call for Speakers + Call for Venue Hosts!

Do you work on Deep Learning? In academia or industry?

We'd like to hear your story!

We are looking for speakers + venues for **future meetups**.

Short talks (20-30 min) or **long talks** (40-60 min) welcome.

Hosts & venues with 75-125 ppl capacity.

Talk to us in the break or send us an email!

contact@vdlm.at

Next Meetups:

- 21 October @ FH Technikum Wien
- 25 November @ Fiskaly

Send us **SPEAKER** suggestions,
job & event announcements:

contact@vdlm.at
